

## Study Plan of the Program of Community Health – Public Health Path

Course ID	Course Title	Credit Hours	Contact Hours	Pre-requisite
<b>First Year: First Term</b>				
11030115	English Language 1	6	18	None
33091115	Information Technology Skills	2	3	None
33091119	Medical Professional Skills	2	2	None
33091117	Innovation in Medicine	2	2	None
11010101	Islamic Education 1 (The Islamic Manners)	2	2	None
11020204	Health Education	1	1	None
<b>First Year: Second Term</b>				
11030215	English Language 2	2	6	English language 1 (11030115)
11030011	English For Special Purposes	2	2	None
33091118	Human Biology	3	4	None
33091103	Medical Physics	3	4	None
33091120	General Chemistry	3	4	None
11010111	Islamic Education 2 (The Islamic Civilization)	2	2	None
<b>Second Year: First Term</b>				
11020107	The Holy Quran (Recitation Correction)	2	2	None
33091237	Biostatistics	2	3	None
33091236	Medical Ethics	1	1	None
33091122	Medical Terminology	2	2	None
33091121	General Anatomy and Physiology	4	5	None
33021231	Introduction to Mental Health	2	2	None
33021232	Introduction to Health Sociology	2	2	None
33021233	Introduction to Biochemistry	3	4	None
11010113	Voluntary Community Services 1	0	0	None
<b>Second Year: Second Term</b>				
11010112	Essay and Research Writing Skills	2	2	None
33091123	Epidemiology and Infection Control	2	2	Biostatistics (33091237)
33091245	Total Quality Management in Health Care	2	2	None
33091246	Pharmacology	2	2	None
33021241	Introduction to Microbiology	3	4	None
33021242	Introduction to Public Health	2	2	None
33021243	Introduction to Environmental Health	2	2	None
33021244	Statistics for Public Health Research	3	4	Biostatistics (33091237)
11010123	Voluntary Community Services 2	0	0	None
<b>Third Year: First Term</b>				
33021351	Public Health Nutrition	2	2	Introduction to Biochemistry (33021233)

33021352	Parasite and Vector Control	3	2	Introduction to Microbiology (33021241)
				Epidemiology and Infection Control (33091123)
33021353	Primary Healthcare	2	2	Introduction to Public Health (33021242)
33021354	Individual, Cultural and Social Determinants of Health	2	2	Introduction to Public Health (33021242)
33021355	Public Health Legislation and Policies	2	2	Introduction to Public Health (33021242)
33021356	Public Health Education	2	2	Introduction to Public Health (33021242)
33021357	Introduction to Health Promotion	2	2	Introduction to Public Health (33021242)
33021358	Research Methods for Public Health	3	2	Statistics for Public Health Research (33021244)
<b>Third Year: Second Term</b>				
33021361	Public Health and Information technology	3	4	Research Methods for Public Health (33021358)
33021362	Public Health Epidemiology	2	2	Statistics for Public Health Research (33021244)
				Introduction to Health Promotion (33021357)
33021363	Infection Prevention and Control	2	2	Parasite and Vector Control (33021352)
33021364	Healthcare Management	2	2	Primary Healthcare (33021353)
33021365	Public Health Economics	2	2	Introduction to Public Health (33021242)
33021366	Introduction to Human Behavior	2	2	Introduction to Public Health (33021242)
				Introduction to Health Sociology (33021232)
33021367	Food Hygiene and Safety	3	4	Public Health Nutrition (33021351)
				Introduction to Microbiology (33021241)
33021368	Tobacco Use: Prevention, Cessation and Policy.	2	2	Introduction to Public Health (33021242)
				Introduction to Health Promotion (33021357)
<b>Fourth Year: First Term</b>				
33091477	Medical Informatics	2	2	None
33021471	Public Health Quality Assurance	2	2	Healthcare Management (33021364)
				Primary Healthcare (33021353)
33021472	Health Promotion Programme Planning	2	2	Introduction to Health Promotion (33021357)
33021473	Communication for Behaviour Change	2	2	Introduction to Human Behaviour (33021366)
33021474	Disaster Management	2	2	Introduction to Environmental Health (33021243)
				Introduction to Public Health (33021242)
33021475	Graduation Project	4	8	Research Methods for Public Health (33021358)
33021476	Public Health Practices 1	4	8	Food Hygiene and Safety (33021367)

				Healthcare Management (33021364)
				Infection Prevention and Control (33021363)
				Public Health Epidemiology (33021362)
<b>Fourth Year: Second Term</b>				
33021481	Contemporary Public Health Issues	2	2	Introduction to Public Health (33021242)
				Introduction to Environmental Health (33021243)
33021482	Lifestyle Diseases	2	2	Introduction to Human Behavior (33021366)
33021483	Environmental Epidemiology	2	2	Introduction to Environmental Health (33021243)
				Biostatistics (33091237)
				Public Health Epidemiology (33021362)
33021484	Environmental Impact Assessment	2	2	Introduction to Environmental Health (33021243)
33021485	Public Health Surveillance	2	2	Public Health Epidemiology (33021362)
				Infection Prevention and Control (33021363)
				Statistics for Public Health Research (33021244)
				Public Health and Information technology (33021361)
33021475	Graduation Project	4	8	Research Methods for Public Health (33021358)
33021487	Public Health Practices 2	4	8	Public Health Practices 1 (33021476)
<b>Fifth Year: First Term</b>				
33021501	Public Health Internship	0	0	All Courses (gained 138 credit hours)
<b>Fifth Year: Second Term</b>				
33021502	Public Health Internship	0	0	All Courses (gained 138 credit hours)
<b>Fifth Year: Summer Term</b>				
33021503	Public Health Internship	0	0	All Courses (gained 138 credit hours)
<b>Electives</b>				
	No Elective Courses are available
