

Community Service and Partnership Committee:

- Develop a timeline for activities and programs that can be offered to the community.
- Strengthen partnerships between the department and governmental, private, and charitable sectors through cooperative training initiatives.
- Propose community initiatives that contribute to addressing societal issues and supporting community development.
- Organize events and activities that serve the community in collaboration with relevant stakeholders.
- Evaluate the level of participation of students and faculty members in community service programs and measure the satisfaction of beneficiary organizations.
- Highlight the department's role in national and international occasions (Founding Day, National Day, Flag Day, and international days).
- Document all procedures and data related to community partnership and community service activities.
