

Delete or edit learning outcomes

If you want to edit or delete a learning outcome, please follow these steps:

First Step: Enter the question bank for which you want to edit the learning outcomes, then choose the learning outcomes icon.

Second step: The following screen appears. Select the learning outcome you want to edit or delete, then click on the edit icon, and the learning outcome code or text will be edited. Or click on the delete icon if you want to delete the learning outcome.

📰 Bank Le	earning Outcomes		\otimes
Bank: progra	amming language	Category: Unit 1	
+ ADD LEA	ARNING OUTCOMES		outcome
	Code	Learning Outcomes Text	Actions
	k1	The student gets to know the basic components of pro	ogramming
	k2	For the student to learn the differences between progra languages	amming 🧪 🔋
D Sele	k3 ect a set of lea	The student will learn about programming developmer environments arning outcomes	Delete learning outcom

You can also select a set of learning outcomes and click Delete in one step, as shown in the figure.
