AppsAnywhere Platform User Guide October 2025

This guide helps you access and use the AppsAnywhere Platform to launch and manage university applications from your browser.

1 Accessing the Platform

1. Open your preferred browser (Google Chrome is recommended).
2. Go to: <https://apps.bu.edu.sa/login>

3. When prompted, select your domain:

- Students: BUSTU.LOCAL
- Faculty/Staff: BAHA.LOCAL

PASSWORD

Sign in

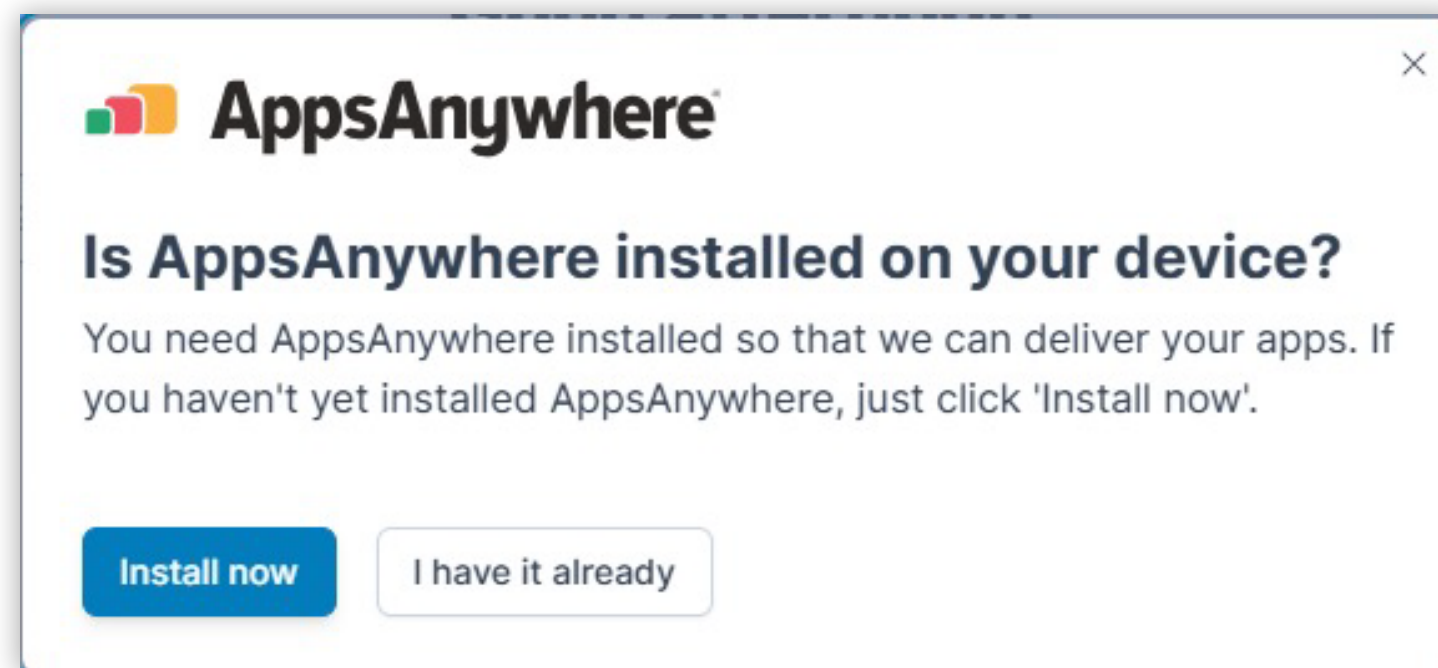

4. Enter your username and password, then click 'Sign in'.

Tip: Use your university credentials.

2 Installing the AppsAnywhere Agent

5. When you access the platform for the first time, you'll be prompted to install the AppsAnywhere Agent.

6. Follow the on-screen instructions and allow the installation, then click 'Install now'.

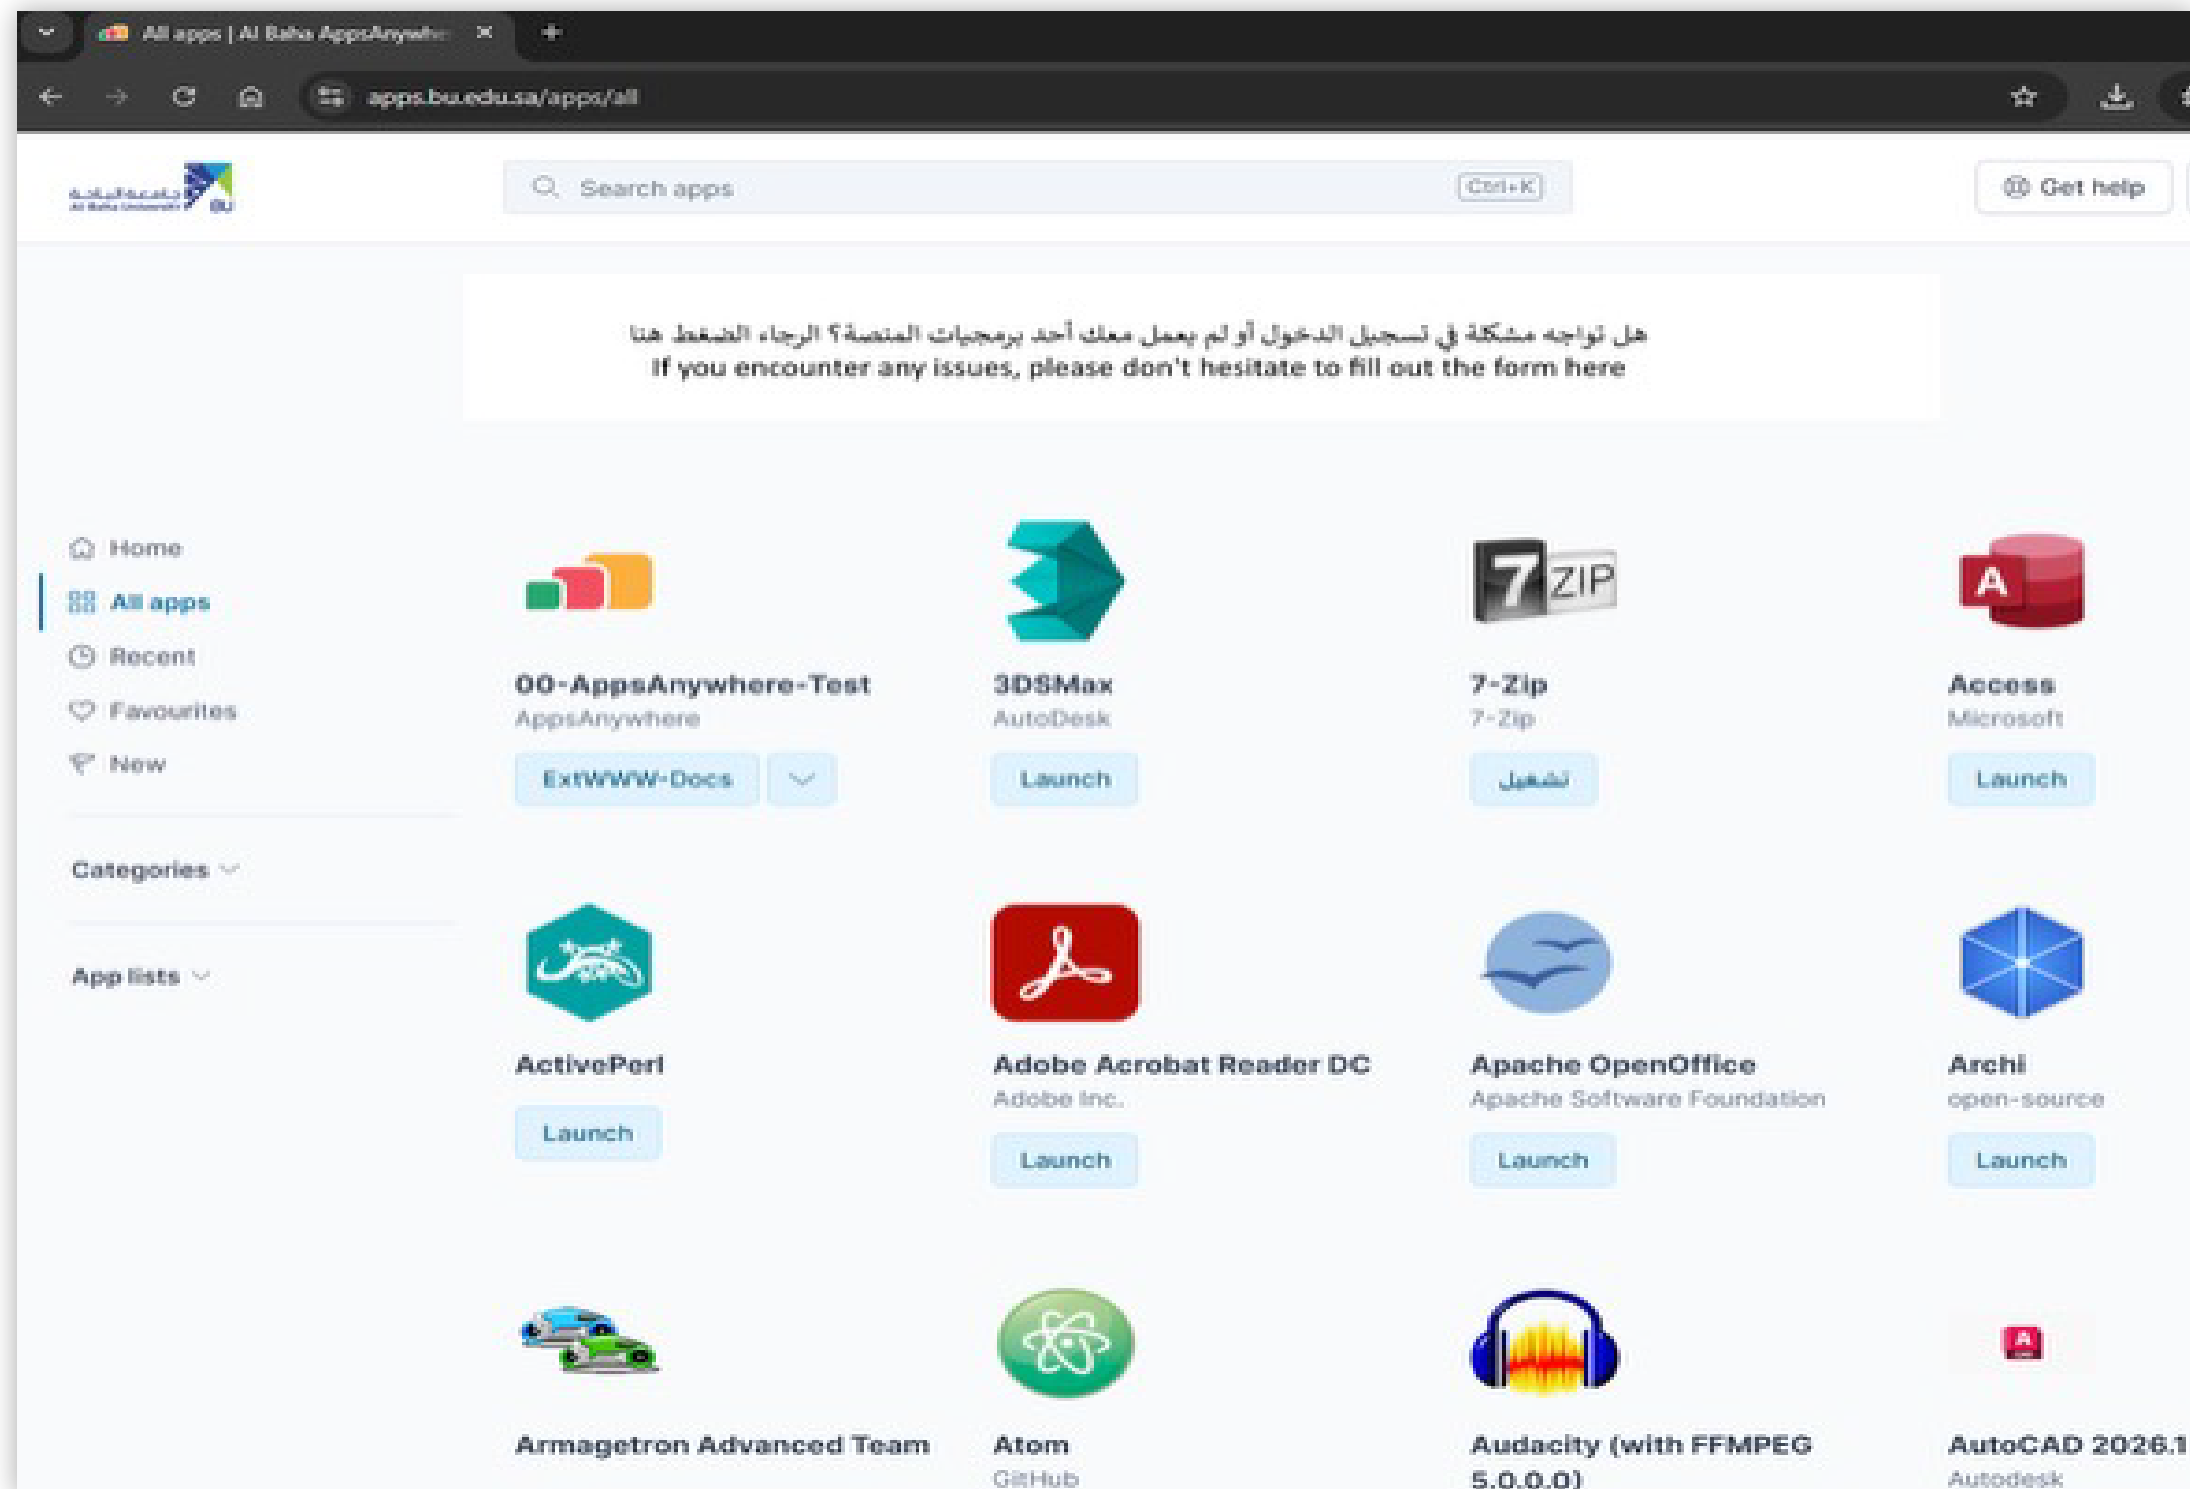

7. When the browser asks for permissions:

- Check: Always allow <https://apps.bu.edu.sa/> to open links of this type
- Click: Open AppsAnywhere Launcher

3 Launching Applications

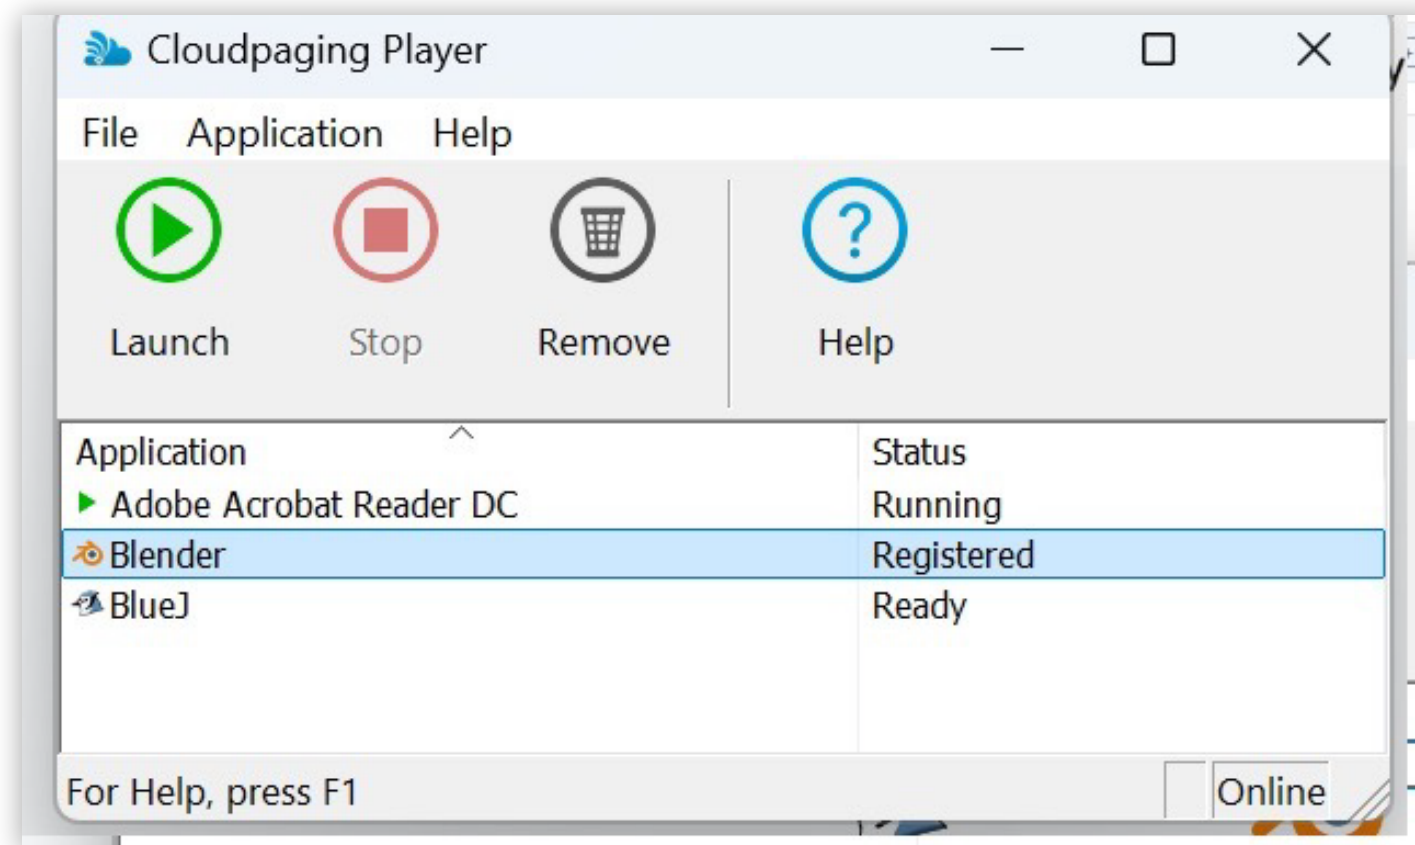

8. When the browser asks for permissions:

9. Select the desired application and click 'Launch'.
10. When prompted, Allow the app to run and choose 'Always Allow' for faster access next time.
11. The application will open and be ready to use.

4 Managing or Removing Applications

12. Open the Cloudpaging Player from the Windows taskbar.

13. Select the application you want to remove.

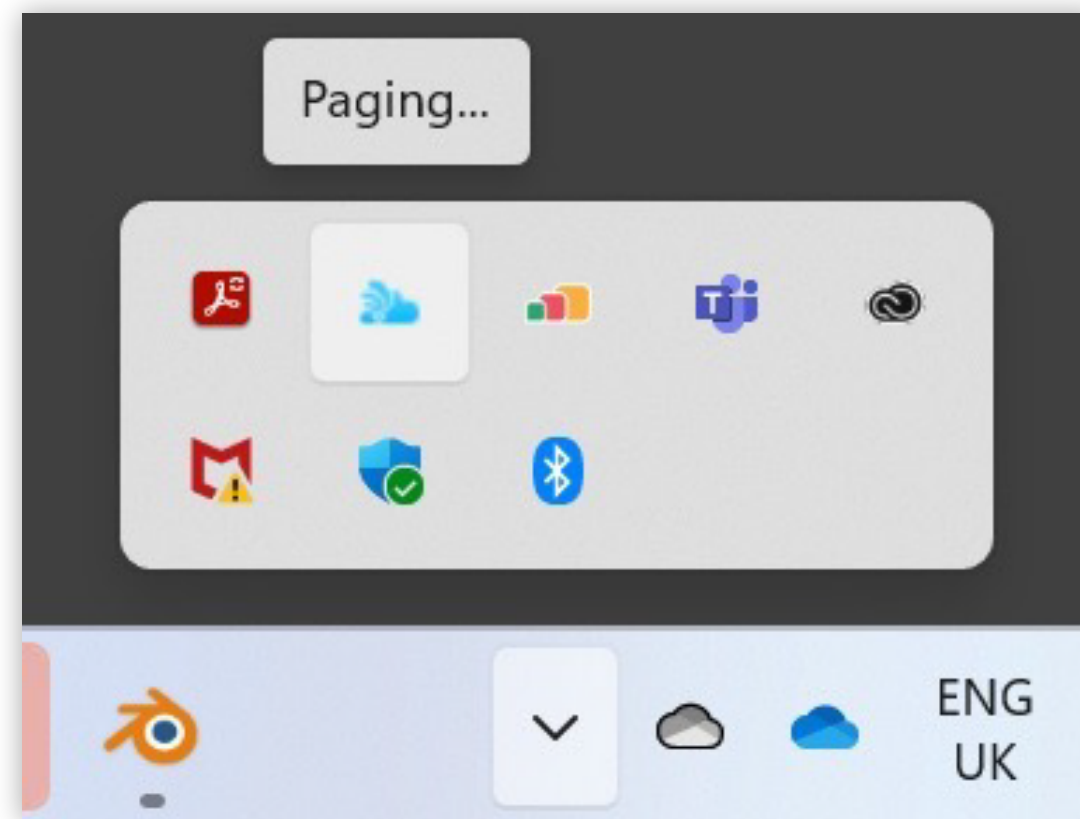

14. Click Stop.

15. Then click Remove.

5 Viewing Installed Applications

view or relaunch installed applications:

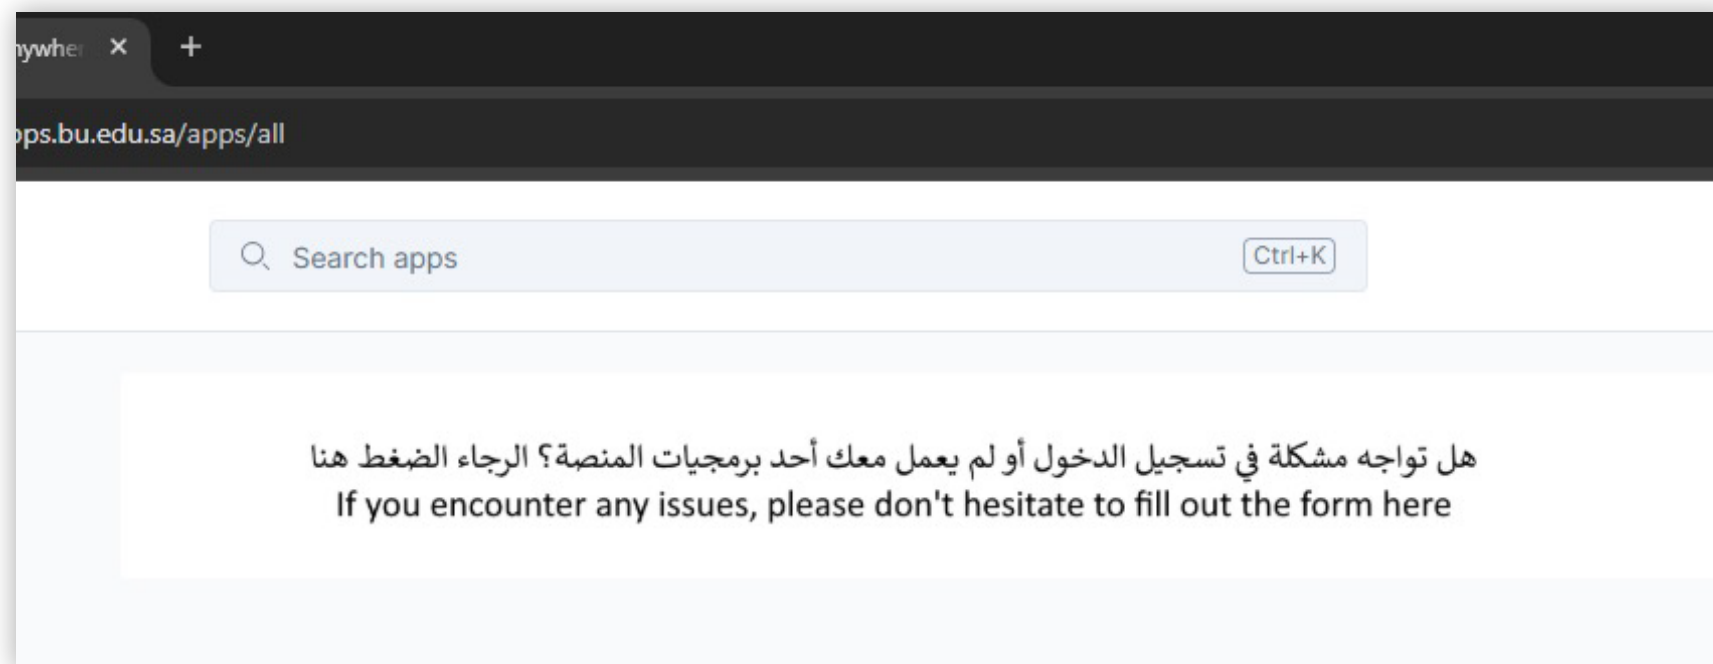

- From the Cloudpaging Player pinned to the taskbar.

- Or from the AppsAnywhere platform, click Launch on the desired app.

6 Troubleshooting / Support

If you experience login or application launch issues, please contact the IT Support Team By clicking on the top image and fill the support form, then click 'Submit'
