

Upload files and photos to OneDrive

To upload files and photos to OneDrive, please follow these steps:

- 1 Sign in with your Microsoft OneDrive account, then go to the location where you want to add the files.
- 2 Click on **Upload** in the menu at the top of the page to Upload the files or folder you want.

- 3 Select the files or photos you want to upload, then click **Open**, or you can also drag files from File Explorer directly to your OneDrive files.
