

Change the language in Blackboard Ultra

To change the language in the Learning Management System, please follow these steps:

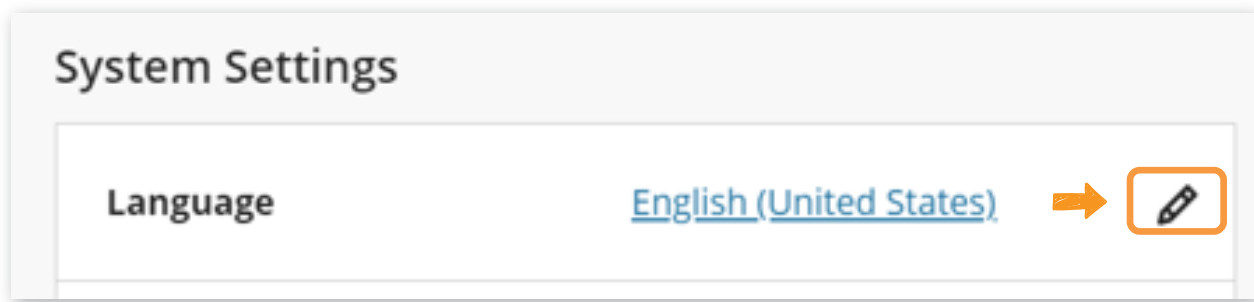

- 1 From the LMS login page, you can select the language you want from the icon at the top of the page.

- 2 You can also change the language by accessing your profile from the base navigation menu.

- 3 From the System Settings, click on the edit icon.

- 4 Select the language you want and then click [Save](#).
