Naif A. Mokhayesh Alzahrani
P.O.Box AL-Baha 2160
Saudi Arabia
E mail: nmokhayesh@gmail.com

Objective

To join a doctorate program to learn new skills to enable me to grow in an academic career and contribute meaningfully to my country

Education

- Masters in computer engineering, King Abdul Aziz University Engineering college, Jeddah, Saudi Arabia (GPA 4.88/5), spring 2007
- Bachelors in engineering, King Abdul Aziz University Engineering college, Jeddah, Saudi Arabia (GPA 4.06/5), spring 2002

Technical Training

- STC and Quint, IT infrastructure Library, May, 2007
- ORACLE University , ORACLE database administration 10g and RAC 9i, August-September, 2006
- MASCON, HP-UX Fundamental , Administration I and II, July-August, 2006
- MITM (Millennium Institute Technologies and Management), ASP.Net2.0 (Microsoft Active Server Page 2.0), October-November, 2005
- MITM, ORACLE database administration 9i, April-June, 2005
- Abdul Aziz University computer center, Cisco Certified Academy Instructor (CCAI), March-April, 2004
- MITM, Oracle 9i PL/SQL Developer and oracle Forms, August-October, 2003
- Saudi Aramco , YANBU Computer and Communication Unit, Network Essential, Windows NT and Windows 2000 Advanced Server, Active directory, network administration, June-August, 2001
- Al-Jeraisy Computer and communication services, Laptop & desktop computers maintenance, network cabling, June-August, 2000

Technical Qualifications

- IT Infrastructure Library (ITIL), May, 2007
- Oracle Certified Associate (OCA), February, 2004
- Cisco Certified Academy Instructor (CCAI), December, 2004
- Cisco Certified Network Associate (CCNA), January, 2003

Professional Experience

- April, 2008 – Present: Lecturer, Engineering collage of AL-Baha University and IT Supervisor assistance, IT Center, AL-Baha University, Saudi Arabia
- February 2006 - April 2008 IT Engineer, Al-Jeraisy for STC 902 project, IT-CCS, Saudi Telecom Company, Riyadh, Saudi Arabia
- May 2004 - January 2006: Cisco Academy Instructor, Millennium Institute Technologies and management (part time), Jeddah, Saudi Arabia
- April 2003 - January 2006: IT Engineer at Raytheon, Air Defence Force Institute, Jeddah, Saudi Arabia
- June 2002 - April 2003: Registrar Millennium Institute Technologies and Management, Jeddah, Saudi Arabia

Projects
- Teach C++ programming II, ALBaha University, AL-Baha, 2008 – present
- Teach introduction to programming using C++, ALBaha University, AL-Baha, 2008 – present
- Project manager for ERP (Oracle E-business), AL-Baha University, AL-Baha, 2008 – present
- Project manager, student information system (Bannar), AL-Baha University, AL-Baha, 2008 – present
- Project manager, infrastructure network and data center, Al-Baha University, AL-Baha, 2008 – present
- Design and implement action item tracker application using ASP.NET2 and ORACLE10g. for IT center at AL-Baha university, AL-Baha, 2008
- Member of team who implemented and managed STC-902 services ,STC Saudi telecom company, Riyadh, 2006 - 2007
- Member of team who designed messaging getaway in STC (SMS-GMG) STC Saudi telecom company, Riyadh, 2006 – 2007
- Member of team who implement the integration between ORACLE database , DB2 and MQ series on AS 400 to get update of customers profile and send/receive requests between the two systems, STC Saudi telecom company Riyadh, 2006 – 2007

- Develop and design online registration and e-Learning system for private institute and college (master theses), Jeddah, 2006 - 2007
- Design and implement online exam application using ASP.NET2 and ORACLE10g as part of master theses, Jeddah, 2006 - 2007
- Install and configure Mandrake, Multi network Firewall as course project in master program (Computer Network), Jeddah, 2005
- Configure Samba with SWAT to share files with Windows OS. Air Defence Force Institute, Jeddah, 2004
- Team member of design new network infrastructure (Active/ passive component) for Air Defence Force Institute, Jeddah, 2003 - 2005
- Design and implement local network using Linux OS(Red Hat, SUSE) and configure DHCP, SAMBA, NIS and DNS (BIND), Millennium Institute Technologies and Management, Jeddah, 2003 - 2005
- Configure Web server (Apache) and FTP server in Linux OS (SUSE). Millennium Institute Technologies and Management, Jeddah, 2003 – 2005
- Design and implement database for registration department, MITM (Millennium Institute Technologies and Management), Jeddah, 2002 - 2003
- Team manager in registration project and admission department, MITM (Millennium Institute Technologies and Management), Jeddah, 2002 - 2003
- Design, Install and manage MITM internet connection using Microsoft Advanced Server 2000 and connect it to internet via MS-ISA server and ADSL connection, Jeddah, 2002 - 2003
- Evaluation of network security for the college of engineering as graduate project, King Abdul Aziz university, Jeddah, 2001 - 2002

Computer and IT Skills

- Oracle PL/SQL programming
- C# , C++ and JAVA programming
- ASP.NET 2.0 ASP.NET 3.5
- AJAX
- XML
- Database design
- UNIX(HP-UX) Basic administration
- Oracle Database administration 9i & 10g
- Administration of Linux Server/ Desktop RedHat & SUSE.
- Firewall /Proxy server Fundamentals
- Network design and Administration using windows 2000 , 2003 and 2008 environments.
- ISA server 2004
- Manage Microsoft network services (DHCP, DNS , WINS and active directory)

- Internetworking , CISCO Routers :2500/2600 series ,CISCO LAN Switch 1900 & 2900 series
- All Microsoft operating systems.

Membership, Professional Associations

- Member of Institute of Electrical and Electronics Engineers (IEEE) 2000 - Present
- Member of Arab Linux community 2002 - 2004
- Member of Saudi computer society 2002 - 2005

Extracurricular Activities

Football
